Milano Benefit

Show Draws Western Talent

Milano High School gymnasium will be the setting for a show of country and western music featuring talent from the Louisiana Hayride 8 p.m. Thursday, May 27. Top recording artists to appear

at the show are Ray Frushay, Smiling Jerry Jerico. Proceeds from the show will go to the high school yearbook fund at Milano. Tickets for adults are \$1.00 if purchased in advance and \$1.25 at the door. Student tickets will be 50 cents and pre-school children will be admitted free. Tickets may be purchased at Schiller's Pharmacy in Cameron and any business house in Milano.

Benefit Features

Rotarians, Lions

Cameron Rotarians and Lion Club members will throw their professional dignity to the wind when they take to the field Monday, May 31, in a Little League Baseball benefit game. If last year's performance was any indication, these men may wear most unusual garb. It's very likely that you won't be able to tell your dentist, doctor or teacher from a circus clown. But it will all be in the name of fun, which it promises to be for young and old alike, and a first to the finances of Cameron's summer baseball program. Game time is set for 7:30 p.m. at the Little League Field. Tickets are now on sale by any member of the Little League and Minor League teams.

Town Meeting Gains Momentum

Plans for the upcoming Town Meeting continue as interest gains momentum from local and state officials.

The program to study community needs is scheduled for June 8. The meeting place has been changed from the Milam District Courtroom to the Methodist Fellowship Hall in order to have ample room to accommodate an expected large crowd.

The main topic of discussion for Cameron's first Town Meeting will be an Industrial Foundation. The meeting, sponsored by the Cameron Chamber of Commerce, is expected to attract representatives of Cameron City Council, School Board, County Commissioners, and all leaders and residents who are interested in Cameron's growth.

Invitations are going out to representatives of industrial departments of utility companies, freight lines, railroads serving Cameron and Texas Industrial Commission.

ENDORSE MEETING
Replies have been received from many of the representatives who endorse the meeting and make their plans to attend.

John W. Perryman Jr., director of Area Development of Lone Star Gas Company in Dallas wrote, "Your plans for conducting a Town Meeting on June 8 are most encouraging. Through the use of such meetings, community problems of ten are solved, or at least, give

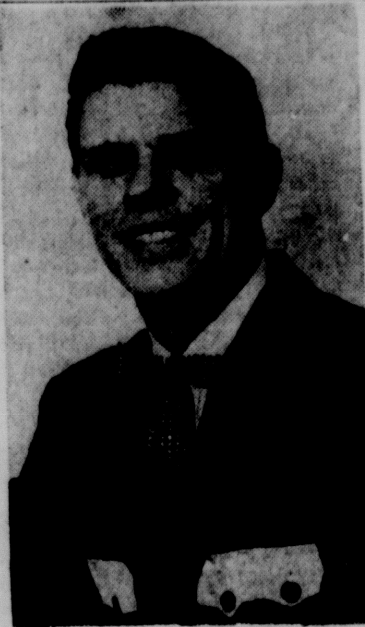

the greater number of your fine people an opportunity to know of any existing situations which they might not otherwise be aware."

Others who have accepted are James J. Kelley of Austin, assistant executive director of the State Industrial Agency; E. Coy Staphill, manager of Community Development, Texas Power & Light Company of Dallas and M. A. Taylor, general sales manager, Central Freight Lines Inc., Waco.

R. W. Wells, chairman of the Town Meeting, said the purpose of the meeting is to bring together the various leaders and groups in Cameron who share a responsibility in the future of Cameron.

Wells emphasizes the meeting will be an open forum for recommendations and discussion from the floor after four speakers complete brief talks on need for industry, community attitude, the Caldwell success story, plans projected by the City of Cameron and the Cameron Independent School District.

The meeting begins at 7:30 p.m. Tuesday, June 8.

RAY FRUSHAY

Trustees Appoint Equalization Board At Special Session

A three-man equalization board has been appointed for the Cameron Independent School District. Anton Anderle, V. L. "Buck" Angell and B. J. Matocha will serve on the board for the 1965-66 school year, according to School Supt. Charles Zeigler.

During a special meeting Thursday, the board also accepted the resignation of Mary Kathryn Dodd, teacher of language arts and library at Ada Henderson school. They employed Mrs. Barbara Fugua to fill the vacancy. Several applications for Cameron School Superintendent were also presented for review.

Board members also reviewed the repair work being done on the schools. Damage to roofs and windows was a result of the hail storm in April. Supt. Zeigler said the insurance settlement would be in excess of \$12,600. Anderle Lumber Company and Gilmeister Company were awarded the roof repair work on Yoe High School and Ben Milam School.

Tax office head Ollie Chamberlain reported that 1964 uncollected taxes totaled \$3,206.76. Uncollected taxes from 1953 to 1963 totaled \$15,339.83 for a total of \$23,546.59 in uncollected taxes. The taxes collected from October 1964 to April 1965 totaled \$158,838.26 for a 95.1 percent collection.

School Integrates On All-Grade Level

Bottom Land Cotton Farmers Replant Crops

Cotton farmers, whose crops were ruined by heavy rains and floods last week, are striving to get back into their fields to replant their cotton crops.

Henry Ivey, local Farmers Home Administration head, said the cotton farmers plan to replant if the weather holds out so that they can complete their replanting before the middle of June.

"The recent floods have produced a lot of loss in crops in Milam County, but it is not nearly as bad as it was first thought to have been," Ivey said.

In a meeting with cotton farmers of the county, Ivey said it was found that about 50 percent of the cotton and grain sorghum crops they were financing were lost.

He said of the 3,000 acres of cotton they are financing, 1,700 acres of cotton were damaged by flooding waters. They also finance some 2,600 acres of grain sorghum and 1,300 acres were ruined by the rains.

No loss of livestock or equipment was noted by the farmers. "They had taken the precaution to move them to higher grounds before the rising waters hit," Ivey said.

Oats, wheat and small grains in the bottomland were thought to be a complete loss.

Milam County Agent J. D. Moore said he found the county to be real varied in the amount of damage.

State SCS Head Urges Elm Creek Watershed Project

In viewing the aftermath of the damages done in the Elm Creek area during last week's flooding, H. N. Smith, state conservationist, Soil Conservation Service of Temple, said 85 percent of an estimated \$80,000 damages could have been prevented by an upstream watershed project.

The area involved stretches from Troy south to the confluence of Elm Creek and Little River near Cameron, Smith said.

The waters of the main stem

of Elm Creek and its tributaries spilled over fields and pastures, cutting deep gashes in the land, drowning livestock, ruining fences and sweeping away farm equipment. Smith said 18,000 of the 19,000 acres in the Elm Creek flood plain were inundated.

State Conservationist Smith pointed out as a contrast to Elm Creek, the nearby Cow Bayou Watershed. In Cow Bayou, located in parts of McLennan and Falls Counties, about 12 miles south of

Waco, the rainfall was very similar to that in Elm Creek. Due to floodwater retarding structures only 800 of 5,600 acres in the flood plain were flooded and damages were minor.

"If a project similar to Cow Bayou had been completed in Elm Creek there would have been practically no road or bridge damage and only slight crop damage in the flood plain," Smith said.

He explained that an even more extensive project than in Cow Bayou is needed in the larger Elm Creek Watershed, including possibly 45 floodwater retarding structures and 25 miles of channel improvements.

Preliminary estimates indicate that the Elm Creek project would require some four million dollars to be spent by the Federal Government and local interest would provide land easements and right of way valued at more than \$250,000. Local people would also carry out the needed land treatment measures and maintain the project, Smith said.

People in the Elm Creek Watershed have been trying unsuccessfully for several years to get a watershed project started.

WATERSHED GETS BOOST
The proposed Elm Creek watershed project was given the unanimous endorsement Monday of the Temple Chamber of Commerce Board of Directors.

Byron Skellon, C-C Brazos River Division chairman said the watershed district had a plan whereby \$35,000 collected from a 10-cent tax rate for maintenance would be used, along with a loan from the Farmers Home Administration, to purchase right-of-way and easements for structures in the 192,000 acre watershed.

All of this hinges on a decision of the Bell County Commissioners Court. Should the county agree to underwrite maintenance costs and commissioners courts in Milam and McLennan Counties agree then the way would be paved to bring the Soil Conservation Service into planning the project. Falls County officials have already agreed to the proposal.

Freedom Of Choice Plan Adopted By School Trustees

The Board of Education for the Cameron Independent School District has adopted a plan for desegregation of all elementary and secondary schools, grades 1 through 12, beginning with the 1965-66 school year. Supt. Charles Zeigler has announced.

Desegregation will be based on "Freedom of Choice" granted to and exercised by the pupil and his parents or guardians.

The desegregation is in accordance with Section VI of the Civil Rights Act of 1964.

"This desegregation plan reflects the correct decision of the Board of Education for the Cameron Independent School District with reference to desegregation of the elementary and secondary schools of the District," Zeigler said.

Beginning July 1, 1965, and once a week for three successive weeks the following information shall be conspicuously published, Zeigler added.

Pre-registration of pupils planning to enroll in any grade in the Cameron Independent School District for the fall 1965 Semester will take place for a period of three (3) days, from August 2, 1965, through August 4, 1965.

Under policies adopted by the Board of Education, parents or guardians may register pupils during this period at the school of their choice. At the time of pre-registration a choice may be expressed for either the nearest formerly Negro school or the nearest formerly white school.

In the event of over-crowding, preference will be given without regard to race to those choosing the school who reside closest to it. Those whose choices are rejected because of overcrowding will be notified and permitted to make an effective choice of a formerly Negro or formerly white school.

The choice is granted to the parent or guardian and the child. Teachers, principals and other school personnel are not permitted to advise, recommend or otherwise influence the decision. Nor will school personnel favor or penalize children because of the choice made.

Children not pre-registered on August 2, 3, 4, 1965, may be registered at the school of their choice on the three (3) days immediately prior to the opening of schools for the fall 1965 semester, but first preference in choice of school will be given to those who pre-register.

Annually after 1965, similar practices will be followed with respect to registering and enrolling pupils.

The above Pre-registration information and Pre-registration form will be distributed to each student now attending the Cameron Independent Schools on Friday, May 28. All parents or guardians of children not attending Cameron School during the current year but who plan to enroll their children in the Cameron School for the 1965-66 school year should pick up Pre-registration forms at the office of the Superintendent of Schools, Zeigler said.

YOE HIGH NAMES TOP STUDENTS

The ten top students of Yoe High School have been announced by school principal, Frank Kemble.

Larry Paul Manley is valedictorian and Mary Beth Nance salutatorian of the Yoe High senior class.

The other top ten students are Raymond Batla, Mike Perrin, Kay Sell, Linda Hill, Lawrence Lafere, DeLaine White, Betty Baashear, Peggy Mann and George Bowman.

School Tax, Bond Election June 12

A Tax and Bond Assumption election has been called for June 12 by trustees of the Cameron Independent School District in accordance with requirements as a result of the annexation of the Marak Common School District, according to School Supt. Charles Zeigler.

At a special meeting last Thursday, trustees accepted a petition for the tax election and bond assumption election which was signed by 25 qualified property tax paying voters in the school district.

The procedure follows action by the Milam County Board who approved annexation of the Marak District to the Cameron Independent School District April 12.

Voting will be held at Yoe High School. Felix A. Matula will serve as presiding judge. Absentee voting is presently being conducted by County Clerk Wayne B. Wieser at the Milam County Courthouse.

All eligible voters of the new Cameron Independent School District, which was formerly the Cameron Independent School District

No. 901 and the Marak Common School District No. 57, are eligible to vote in the election.

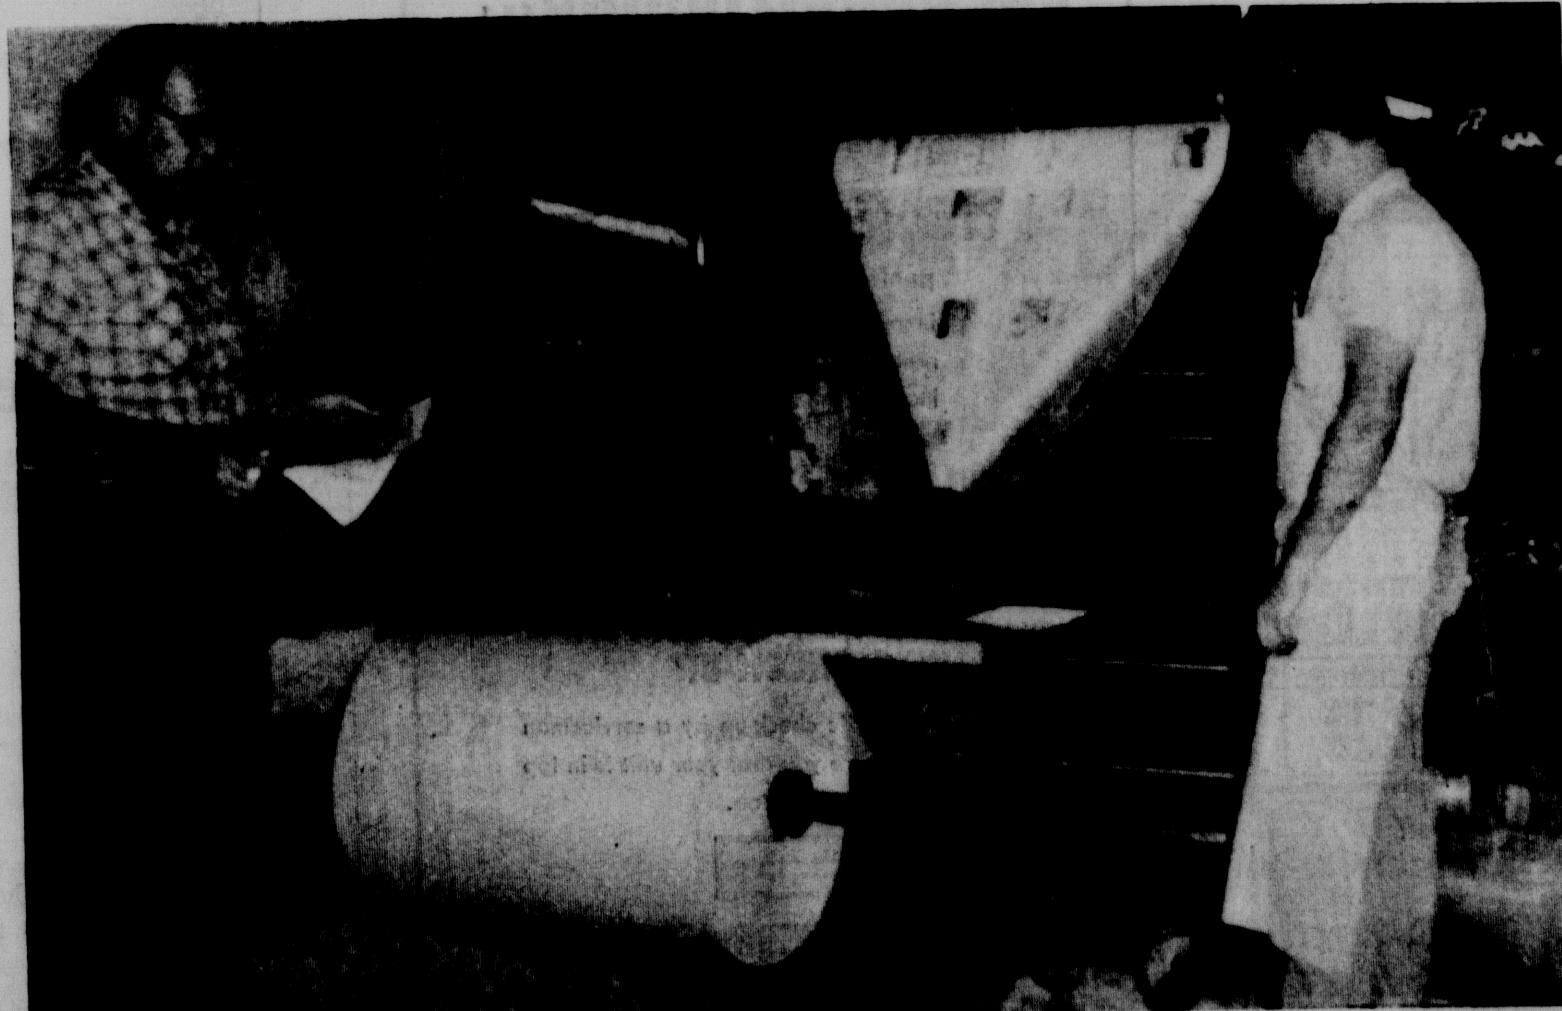

Supt. Zeigler said the vote would cause no change in the current tax structure in the Cameron Independent School District, but would bring the Marak District into the same tax structure as the CISD. The tax rate is \$1.50 per \$100 evaluation.

Damage Suit Filed In Fatal Accident

A \$10,000 damage suit has been filed by Mrs. Christine Slavik of Cameron in 27th District Court against Joe Carroll, et al, of Temple. The suit was filed Monday.

The suit grew out of a traffic accident on May 4 which took the life of Mrs. Slavik's husband, B. A. Slavik, 52, and a Temple city attorney, Joe Carroll, 55.

Slavik and Carroll were killed in a car-pickup truck accident at the east city limits of Rogers.

Players Still Needed For Four Cameron Pony League Teams

Efforts are being made to organize four teams to participate in a Cameron Pony League. According to Little League Club President W. K. Leonard, thus far about 34 boys have signed up to play in the league, but more are needed. Any boy between the ages of 13 and 15 wishing to play summer baseball is asked to contact Harold "Ducky" Moore or Griffin Barrett. Leonard said 13 boys played on the Pony League last year who will be back again this year. These experienced boys will be placed on the various teams that are formed.

Last year the Cameron team played in the Bell-Milam League, but were not allowed to participate in that same league again this year due to the fact that Cameron is a much larger town than others in the league. Efforts to enter the Rosebud league were also unsuccessful.

It is hoped that the four teams can be organized so that boys of this age can have a baseball program in which to participate, officials said.

Moore said a get-together game will be held Saturday night against a Rogers team.

John Kestenbaum Takes Top Honors In Pack Track Meet

John Kestenbaum was high point man with three first places in the Club Scout Pack 213 track meet held Saturday at Yoe Field.

Kestenbaum won first place in the 50 yard dash, 75 yard dash and broad jump to take top honors. First, second and third place ribbons were awarded in each of the seven events. Winners were 25 yd. dash - Pat Sheguit, first, Mark Monroe and David Hollas, tied for second; 50 yd. dash - Kestenbaum, Al McCullin, second, and Pat Sheguit, third; 75 yd. dash - Kestenbaum, Craig Friemel, second, and Al McCullin, third; 220 yd. dash - John Thompson, first, Kenny Leonard, second, and Mike Trdy, third.

Also, 440 yd. dash - John Thompson, first, Craig Friemel, second, and David Hollas, third; broad jump - Kestenbaum, Glen Cryer, second, and Mike Trdy, third; high jump - Craig Friemel, first, John Thompson, second, and Pat Sheguit, third; ball throw - David Hollas, first, David Horning, second, and Henry Horelica, third.

The track meet was the May meeting for Pack 213 and awards were presented as follows: Wolf Badge - Eddie Coker, Jeff Smitherman, Gary Horning and Gary Trdy; Bear Badge - Gary Fuchs, John Barron, Terry Fikes, Pat Sheguit and Steven Small; Silver Arrow Point - James Kahler, Daniel Richardson, David Hollas, Jim Deloney and William Porubsky; Gold Arrow Point - Mark Jeter, Alex Frank Cochran, Gary Horning, Rickie Richter and John Thompson; Denner - Ronnie Chamberlain, Daniel Richardson, David Hollas and Jim Delony; Assistant Denner - Gary Trdy.

Over 160 Boys To Play in LL Program

About 160 Cameron youngsters will take to the baseball field when the Summer Baseball program gets underway the first of June. Team practice began last week and the field has been made ready for play.

Six Little League teams and five Minor League teams have been formed to compete in the two-month long program. Officials said some players are still sizing up and will be placed on the various teams.

The Little League teams will consist of the Bears with Nathan Lewis, manager; Colt 45's, Thomas Schigut, manager; Cardinals, Johnny Springer mgr; Indians, Jack Terhune and Johnny McQueary, managers; White Sox, Bob Ellett, manager; and Yankees, William Watkins, manager.

Five teams in the Minor League are Yankees, Johnny Springer, manager; White Sox, Stanley Kirk, manager; Giants, George and Lotus Hollas, manager; Lions, Billy Horning, manager; and Hustlers, Forrest Sapp, manager.

LITTLE LEAGUE

Members of the Little League teams are Bears - Eleno Alvarado, Danny Bradley, Michael Derlek, Ronald Gilbert, Tommy Kennedy, Jack Kirk, Brent Laywell, Joe Nathan Lewis, Alva Ray Millax, Roger Reed, Jesse Reyes, Donald Shuffield, Jimmy Tino, Michael Trdy and Mike Zajicek.

Colt 45's - David Angell, Jimmy Bailey, Johnny Bailey, Warren Gaswent, David Horning, A. J. Hurtik, Edward Lee Kopriva, Dale Litzman, Mark Monroe, Thomas Rivera, Danny Robbins, Donnie Robbins, Ernest De La Rosa, Pat Schigut, Joe Trdy and Ned McElwrath.

Cardinals - Wilson Barfield, Cliff Cryer, Philip Garrett, Alvin and David Goodman, Dennis Hardwick, Terry Hardwick, Ken McLerran, Richard Ramirez, Clint Schofield, Steven Small, Ed Whitley and Mike Zelisko.

Indians - Richard Cummings, Dan Foster, David Fritz, Lester Hays, Douglas Horelica, Jimmy Housley, Edwin Kohutek, James Ray Meek, Simon Rangel, Alex Rivera, Gary Strutz, David Scott, David Charles Tucker, Donald Tucker, Tim Tucker and Raymond Green.

White Sox - Ladis Barr, Bobby Conley, Larry Eickenhorst, Mark Ellett, Donald Mikulec, Ronald Mikulec, Andrew Raymond, James Kahler, Jerry Richardson, Kermit Smith, Joe Vargas, Jessie Vasquez, Harry Perrin and George Reyes.

Yankees - Robert Brashear, Chester Buchanan, Gary Cholett, David Eanes, Van Eanes, Ricky Horlica, Bruce McAtee, James Mueck, Dean Prokisch, Arthur Reyes, Dale Schigut, Randy Simmons, Mario Vargas, Ricky Watkins and Lawrence Zoltz.

MINOR LEAGUE TEAMS

Hustlers - John Barron, Olin Keith Bean, Brian Cobb, Charles Eanes, James Fikes, Craig Friemel, Randy and Ricky Sapp, Gene Goeke, John Houston, Roy Noey, Jeff and Joe Smitherman and Louis Tindall.

Lions - Ronnie Chamberlain, Donald Flemming, Edward Fuller,

Domingo Garcia, Gary Horning, Gene Kopriva, Albert Matula, Mark Michalka, Mike Peck, Fred Rangel, Gary Trdy and Bruce Zarosky.

Giants - Alex Cochran, Glen Cryer, Hill Colpepper, David and Dennis Hollas, Eugene and Scott Mcchan, Ricky Hollas, William Porubsky, Daniel Richardson, Gregory Schigut, Kendall Smith and Michael Young.

White Sox - Tommy Braden, D. Fincher, Mark Fritz, Hays Shelton, Leland Horstmann, Charles Jones, Darrell Matula, Philip McCall, Randall Miller, Dale and Mike Mueck, Rickey Williams, Bobby Zavodny and John Zeigler.

Yankees - J. Alvarado, Steven Bornfield, Gary Cobb, Kenneth Dusek, Gary Fuchs, Blain Laywell, Kenny Leonard, J. Nelson, Ernest Provasek, N. Rangel, Mike Robinson, Walter Rogers, Richard Sanders and David Rogers.

Dinner For Zeiglers At Roy Law Home

Mr. and Mrs. Roy Law honored the Charles Zeiglers with a dinner party at their home Saturday evening. Guests included members of the Cameron School Board and their wives.

The Zeiglers plan to move to Cleveland June 15.

Dinner was served buffet style in the dinner room. A cut-work cloth covered the serving table and an arrangement of gladiolus and day lilies in shades of yellow centered the table.

A lazy susan held relishes and a tray of fruit included pineapple shells filled with fresh strawberries, slices of tangerine, bananas, melon and peaches. The vegetable tray was centered with a large cauliflower and surrounded by marinated asparagus and broccoli spears decorated with pimento stripes. Another tray offered slices of turkey and ham and rice dressing. Meringues filled with ice cream and chocolate sauce were served for dessert.

Following the dinner members of the board presented the Zeiglers with an epergne filled with fruit.

Mrs. Anderson Weds W. C. Brown Sunday

Mrs. Eunice Burnett Anderson and Mr. W. C. Brown were married Sunday morning at the home of Mrs. Anderson's brother, Mr. Julian Burnett, in Jones Prairie. Rev. Don Callaway, pastor of the Little River Baptist Church, performed the ceremony in the presence of the immediate family.

PERSONALS

Attending the performance of "Hello Dolly" in Dallas during the past week were Mr. and Mrs. Will McIntosh and Will, Mrs. James Kahler and Kathryn, Mrs. Ray Lester, Mrs. Estell Hackebell, Mrs. Andrew Raymond and Mrs. George McGehee.

Do you know the difference?

Dylox does!

Dylox is the selective insecticide. It selects its victims, the lygus bugs and fleahoppers that raise havoc when cotton begins to fruit and square. Unlike non-selective insecticides, Dylox does not appreciably reduce beneficial insect populations. Predators and parasites such as lady beetles, lacewings, egg parasites and big-eyed bugs continue to carry on their beneficial work in your fields. Therefore, cotton grows and fruits with the additional protection of beneficial insects, resulting in less frequent sprayings.

Can you identify the insect silhouettes? Dylox knows the difference. See your dealer for a supply.

CHEMACRO CORPORATION KANSAS CITY, MISSOURI 64108

Nell Ross Wildcat Deepest In County,

Drills At 14,549

The Shell Oil Company No. 1 Nell Ross, located about four miles southwest of Gause, was drilling ahead below 14,540 feet on Monday, and became the deepest wildcat ever drilled in Milam County.

The previous depth record was held by Shell's No. 1 Adoue Estate located about a mile south of the Ross, which was drilled to 14,457 feet last year before being plugged and abandoned.

The Ross reportedly was at 14,373 feet on last Friday and so had made 176 feet of hole over the weekend. It is permitted to 15,000 feet or the Smackover. Some oilfield sources believe the wildcat may be nearing the Smackover since that formation is thought to be located around 14,500 feet in that area. This cannot be confirmed, however, since Shell is drilling the wildcat tight.

The Brown and Smith Oil Company of Houston, drilling in the Rice Schoolhouse area, was making preparations to complete a shallow wildcat, the No. 1 Henry Pattillo. The wildcat was bottomed at 1,050 feet and pipe has been set and cemented. It will be perforated on Thursday or Friday and an attempt will be made to complete it as a shallow gas well. It was cored several times last week and reportedly had a good oil show.

The Brown & Smith drilling crew also is cleaning out an old shallow gas well drilled on the Pattillo tract about ten years ago and will attempt to get it into production.

The well was drilled by John Kraaker of Tyler in February, 1955. It was plugged after producing an estimated 250,000 cubic feet of gas per day but no oil. The Brown & Smith drilling crew was re-working the old hole early this week. Core samples were taken and were being studied at the company's lab in Houston. A pressure of 300 pounds p.s.i. was reported in the old hole.

B&PW Club Program

On Youth Seminar

For Good Citizenship

The Business and Professional Women's Club met Monday night in the home of Miss Lenora A. Bickett. Eight members and four guests were present.

Mrs. M. J. Falkner was in charge of the program on World Affairs. She introduced Miss Linda Griffin, daughter of Mr. and Mrs. K. D. Griffin and a senior at Yoe High School who gave the program. Linda was one of the students who attended the Citizenship Seminar sponsored each year by the Texas Farm Bureau at Sam Houston College, Huntsville, in 1964. Her talk before the club was on true value of American Citizenship. Since returning from the Seminar, Miss Griffin has been invited to speak before a number of Civic organizations about the Seminar for the Youth on American Heritage and Good Citizenship.

At the close of the program the hostess was assisted by her sister, Mrs. T. R. Allen, and Mrs. W. E. Kuehl in serving a delicious refreshment plate and drink to the group.

Elm Creek Gets Boost

The Temple Chamber of Commerce Board of Directors came out last week with unanimous endorsement of the Elm Creek Watershed, still pending after narrow defeats in '61 and '62.

This endorsement followed heavy damage both in Nolan and Elm Creek areas of Bell County, estimated in excess of a \$1. million.

Milam County boosters of the Elm Creek Watershed proposal welcome this support. The Chamber endorsed this proposed \$4,100,000 project of 45 dams and flood control in 1962. So did The Herald.

Since more than half of the Elm Creek project is in Bell County, it is well that Temple's leadership go on record in favor of such improvements. Great balance of the structures would go on Milam land and a few small areas in McLennan and Falls Counties.

Falls County commissioners already have agreed to underwriting maintenance costs in their part of the district and other commissioners courts are considering similar commitments.

All these recent endeavors heighten the possibilities of bringing Elm Creek Watershed development into actuality, though a 10-cents tax rate voted in 1959 carries forward and accumulates some \$35,000 for prospective district use.

Elm Creek losses throughout the district were estimated by conservationists at \$880,000. That would approach a quarter of the cost of Elm Creek water control structures and still they are not built. Two such washouts have occurred in the past eight years. Elm Creek area farms, not just those in the bottom, during those '65 and '57 losses, would have paid perhaps half of the cost of the project yet to be undertaken.

These are lessons enough about the value of Elm Creek water control and ones that need not continue to be learned.

We look forward to further consideration of the value of Elm Creek Watershed.

Male Ego Deflation Continues

Man is the physically weaker sex, despite the empty-headed claims of male writers who refuse to surrender their cliché. Women outlive him from three to five years on the average. And if any other evidence is needed, it has long been known that men are biologically inferior to women because of a mixup in their X and Y chromosomes.

For a long time man soothed his ego with the belief that he was smarter than his girl friend. This pipe dream popped when a survey revealed that women have about 85 per cent of the money in the United States. (Some husbands will say that is a conservative figure.)

Even though woman has a smaller brain size, 1,300 grams or 10 per cent less than man's 1,450-gram brain, females rank higher than males on most

intelligence tests. Science is still arguing over the relation of brain size to intelligence. The largest human brain of record (2,850 grams) belonged to an idiot, and if man wants to make something out of that fact, he is entitled to try.

Man has comforted himself with the thought that he has done better than women in the field of mathematics. Now comes MIT's Dr. Francis O. Schmitt, one of the world's great brain experts, with the statement that woman is as intelligent in mathematics and science as any man.

"Well, now," man asks, "if women are so intelligent, why don't they prove it?"

Dr. Schmitt says the answer is obvious—they get married instead

Legislature Sets Record On Bill

By Vern Sanford

AUSTIN
Tabulation of the activities of the Texas Legislature reveals that the current body has produced more new laws than any of its predecessors.

This is a remarkable achievement in view of the pressing time-making demands of redistricting and increased spending, as well as the controversy on raising the pay of teachers and increasing taxes.

REDISTRICTING - State lawmakers have faced up to their most painful job of the session - legislative redistricting.

In a tension-charged atmosphere, senators performed self-surgery (under federal court order) which in effect will cut off seven rural incumbents and transfer their places to major population centers.

Somewhat more peacefully, the House placed the heads of 16 of its members on the chopping block.

Under the Senate plan, 13 incumbents will be jammed into six districts. They are:

Sens. Dorsey Hardeman, San Angelo, and Pete Snelson, Midland (Dist. 25); Walter Richter, Gonzales, Culp Krueger, El Campo, and Bill Patman, Ganado (Dist. 18); Louise Crump, San Saba, and J. P. Word, Meridian (Dist. 12); Jack Strong, Longview, and Gallo-way Calhoun, Tyler (Dist. 21); Jack Hightower, Vernon, and Andy Rogers, Childress (Dist. 23); and

Bill Moore, Bryan, and Mrs. Ne-ville H. Colson, Navasota (Dist. 5).

Senate reapportionment measure would assign Harris County four senators, plus a share in two more. Dallas gets three, plus a share in one. Bexar gets two, plus a share in one.

Tarrant County retains a single Senate place and shares in another district. El Paso area will have its own senators.

House races where incumbents are combined with one to be eliminated, if all seek re-election, shape up like this:

Reps. J. E. Miller Jr., Burke-ville, and Emmett Lack, Kountze; Neal Solomon, Mount Vernon, and E. M. Edwards, Pattonville; John Allen, Longview, and John Mob-ley, Kilgore; David Crews, Con-ore, and Cameron Hightower, Li-berty; Vernon Beckham, Denison, Don Hefton, Sherman, and Bill Dungan, McKinney; Bill Hollowell, Grand Saline, Jim Markgraf, Sec-ury; Bill Satterwhite, Ennis, and Ronald Roberts, Hillsboro; Lloyd Guffey, El Campo, and Otha Bir-ker, Van Vleet; J. T. Newman, Cuero, and Paul B. Haring, Go-liad; A. C. Atwood, Edinburg, Fe-lix McDonald, Edinburg, Gregory Montoya, Fisa, and Raul Longoria, Pharr; Jim Nugent, Kerrville, and Terry Townsend, Brady; Roy Ar-ledge, Stamford, Raleigh Brown, Abilene, and Grant Jones, Abilene; A. C. Hallmark, Dalhart and Fritz Thompson, Borger; Hudson Moyer, Walter Knapp and J. M. Simpson,

Branchville Meet

Set To Establish

New Water System

Construction of two Milam Coun-ty water systems is now under-way and plans to establish an-other new system will be dis-cussed by residents of the Branch-ville area, according to Farmers Home Administration head Henry Ivey.

Ivey said a meeting for Branch-ville residents is scheduled for Wednesday, June 2, at 7:30 p.m. The meeting will be held at the Providence Church at Branchville and all persons interested in such a project are urged to attend.

MILANO SYSTEM
Drilling on the well for the Mi-lano Water System got underway Tuesday by the Lane Texas Com-pany, Ivey noted.

As soon as the well is com-pleted the loan will be closed on the water system which is ex-pected to be in excess of \$155,000.

Pittsburg Des Moines Company will build the 50,000 gallon storage tank and R. B. Butler Company has been awarded the contract for the distribution system.

Ivey said the system will ser-vice some 144 families in the Mi-lano area. It will consist of a 50,000 elevated storage tank and have 101,000 feet of pipeline.

Completion on the Milano pro-ject is expected about August 1.

Amarillo: Jack Woods, George Cowden, Dick Cherry, all of Waco, Travis McClinton, Coryell County, Charles Wheeler and Glenn John-son, and Gene Fondren, Taylor.

If you've heard that GAS central air is out of your reach, don't believe it!

Get the facts.
Call Lone Star Gas for a free estimate!

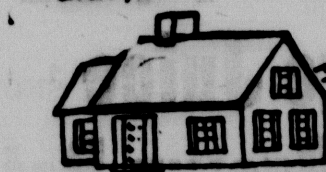

Don't be fooled by "horseback estimates" on costs! Get a bona fide air conditioning price from Lone Star Gas and compare with the price of the same size electric unit. You'll find the little extra per month to buy a gas unit buys you a lot more air conditioning over the years.

There are two types of gas systems for homes: a combination cooling and heating system and an add-on cooling system.

LOW DOWN PAYMENT, AS LITTLE AS \$25/MO. FOR 2 1/2-TON UNIT

This new gas unit for medium-size homes both cools and heats ... puts the world's finest year-around air conditioning in reach of everyone.

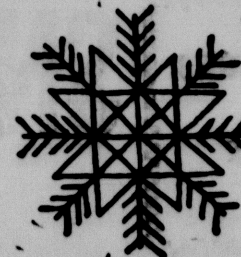

HOW GAS UNITS CAN LAST TWICE AS LONG AS ELECTRIC

Gas cooling for homes has no compressor. A simple gas flame is the heart of the cooling cycle — with few moving parts to wear or need repair. No wonder the life-expectancy of gas air conditioning is double that of compressor types!

IF YOU HAVE CENTRAL GAS HEAT, IT IS LIKELY YOU CAN USE THE SAME DUCTS FOR GAS COOLING

You may have half of a gas central air conditioning system installed in your home! Just add the gas cooling system (takes up no extra floor space) and start enjoying year-around gas comfort and economy!

GAS ECONOMY PAYS OFF YEAR AFTER YEAR

You save in operating efficiency, low maintenance, amazingly long service. The combined heating and cooling costs

with gas average about 16% lower than for electric heating and cooling. Add to that the savings in maintenance and replacements and you'll see why gas is your best home air conditioning investment.

CALL FOR A FREE ESTIMATE ON GAS AIR CONDITIONING. NO OBLIGATION

GAS MAKES THE BIG DIFFERENCE

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

THE QUEST FOR NEW TRAILS

The history of man is a story of progress. Each of its thousands of volumes could bear one common title: *The Quest for New Trails*.

Even in childhood we display this strange genius which has brought us from primeval forests to this atomic age. We love to penetrate the untouched spaces . . . to open trails where none have ever been.

But this quest could destroy us more rapidly than it has profited us. History recounts the fall of many a civilization too busy with its search for new trails to understand its deeper needs.

For man can truly progress only when his spiritual growth keeps pace with his cultural and scientific advancement.

On, bluntly, the future of this young Arctic explorer and of his world depends on the Church. The truths of God are unchanging—and ever more essential—as we seek new trails into the Unknown.

THE CHURCH FOR ALL . . .

ALL FOR THE CHURCH

The Church is the greatest force on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Genesis	12	1-9
Monday	Hebrews	11	1-10
Tuesday	Isaiah	40	1-11
Wednesday	Matthew	3	1-12
Thursday	Exodus	3	1-6
Friday	John	1	1-12

EXERCISES SET

Crash In City.

FRIDAY AT YOE

Commencement exercises for Yoe High graduates will be held at 8 p. m. Friday, May 28, at Yoe High School Athletic Field according to Frank Kemble, Yoe principal.

Valedictorian Larry Paul Manley will present "Privileges and Responsibilities of a Citizen of the United States." The salutatorian address by Mary Beth Nance will be titled "Background of Our American Heritage."

Principal Kemble will introduce the honor students while Supt. Charles Zeigler will present the graduates.

School Board President Roy Law will present the diplomas.

The invocation will be presented by Raymond Batla and Mike Perrin will give the benediction.

Music is to be furnished by the Yoe High School band under the direction of Francis Cox. Selections will include "Ebb Tide," "Triumphal March," "On Yoe High" and "War March of the Priests."

Buckholts Wreck

Totals Vehicles,

Minor Injuries

A two-car smashup in Buckholts Friday night resulted in minor injuries and totally demolished the vehicles, according to Highway Patrolman Derwood Kennedy.

Kennedy said Charles Schumacher of Brenham, pulled off the highway to change drivers when his vehicle was hit from the rear by James A. Dotson of Hearne.

The impact threw the vehicles about 100 feet, landing together when they stopped.

Dotson was taken to Newton Memorial Hospital by Green's ambulance. He was treated for facial and body lacerations and released.

Mrs. Schumacher and a baby girl were traveling in the Schumacher's 1961 Ford and Dotson's 1963 Ford were totaled, Kennedy said.

Nieves Vargas Dies,

Services Set Today

Nieves Vargas, 60, died Tuesday morning in a local hospital following a heart attack. He was a native of Miami County.

He is survived by two stepsons, Tito Granada and Pedro Martinez; two stepdaughters, Ayalla Martinez and Maria Martinez; two sisters, Maria Vargas and Patricia Vargas; and two brothers, Santiago Vargas and Timothy Vargas.

Funeral services will be held Thursday, time to be announced later, from the Santissimo Sacramento Catholic Church in Cameron. Burial will be in St. Monica Cemetery.

PROOF: MUSTANG HAS THE 'GO' TEXAS GOES FOR

Mustang proves true sports car performance at Indianapolis!

You get all this 'go' power . . . and economy, too!

Lowest-priced six-cylinder Mustang outrages 2 out of 3 of the best-selling imported sports cars—also its leading American competitor—in U.S.A.C.-supervised tests at Indianapolis! Now you know you get sports car performance in the standard Mustang . . . while you save money, too!

CLASPED TIME, QUARTER-MILE ACCELERATION TRIALS—INDIANAPOLIS RACEWAY PARK			
	FIRST TRIAL	SECOND TRIAL	THIRD TRIAL
Mustang	16.52	16.67	16.57
Imported Sports Car A	18.17	18.24	18.19
Imported Sports Car B	20.83	20.17	20.50
Imported Sports Car C	21.15	21.87	21.34
Leading American Competitor	20.23	20.08	19.92

Mustang (stock, standard four-speed 3-speed stick model) ran just 35/100 sec. behind import that's about \$300 more, 800 lb. less! Mustang cleanly outran two other best-selling imports plus leading American competitor!

Wardlaw Earns Degree After 10 Years, 4 Schools, 3 States

Joe Wardlaw, a 1950 graduate of Yoe High School, will receive his BCS degree from Tulane University Monday after ten years of college, in four universities, in three states, while a full-time employee of Conoco (Continental Oil Company).

Wardlaw, son of Mrs. Tom Wardlaw, Cameron librarian, and the late Mr. Wardlaw, was employed as a mail clerk for Conoco in Houston in 1962. At the urging of

his finances he enrolled in evening classes at the University of Houston in the fall of 1954.

Following their marriage, his wife Helen continued to work so that he could finish his education. In addition to the responsibilities of caring for their two young daughters, Helen has maintained a tight schedule on home chores so that she could get Joe off to work, off to school and off to the library on time.

Wardlaw, now a marketing division staff assistant with Conoco, hasn't had a real vacation, except to cram for exams, in years. He spent the early evening hours with his family and then started his study at 10 p.m. Conoco's Educational Assistance Program helped finance his education.

He has maintained better than a "B" average at Tulane, University of Mississippi and University of Southwest Louisiana. He plans now to enroll at Tulane, or whatever college he's near at the time, to add a Master's Degree to the BCS to be conferred Monday.

Italy is second to France in wine production.

YOE HIGH SENIORS ANNOUNCED

Yoe High seniors have been announced by Principal Frank Kemble as follows:

Raymond John Batla, Jean Biskup, Bridget Michalka, Bowen, Phillip Don Bowley, George Wilton Bowman, Betty Jo Brashear, Jerry Layne Bright, Mary Eloise Buchanan, Danny Lloyd Buttery, Cheryl Irene Chamberlain, Charles Dorsey Chandler, Ola LaTrelle Coward, Lanette Karen Darby, Also Stanley Dehart, Glenn Wayne Dodd, Edward Roy Dohnalik, Louis Joe Dohnalik, James Franklin Dorne, Michael Dunston, John Philip Eanes, Mary Suzanne Edmonds, Lucinda Ann Eickenhorst, Eula Mae Eichinger, Clifford Lee Evans, Joel Mark Evard.

Also Mary Roberts Fuller, Melva Anne Fisher, Shirley Ann Gold, Mary Rebecca (Becky) Graham, John Robert Gregory, Lynda Fran Griffin, Catherine Laura Grimes, Michael Anton Hanel, Lynda Jean Hill, Mary Frances Hubnik, Rosalie Hubnik, Mary Frances Hurtik, Ann Kolodejak, Joe Johnny Kopriva, Sherry Lynn Kubek, Laurence William Laffere II, Tommy Parker Layne, Kitty Jo Lewis, Gary Michael Litzman, Sandra Paulette Malone, Larry Paul Manley, Peggy Louise Mann, Patricia Dianne Marburger, Louis John Matula, Barbara Nan McClaren.

Also Charles Wayne McLerran, Wayne Richard McLerran, James Robert Michalka, Monica Ann Mikula, Rose Montez, Mary Beth Nance, Pamela Kay Neeley, Michael Warren Perrin, Carroll Eugene Plachy, Richard Earl (Dick) Ponder, Santos Quigano.

Also Michael Francis Rice, Rose Mary Rivera, Marilyn Kay Roesler, Herman Scheier Jr., Shirley Kay Sell, Margaret Mary Sipula, Dorcas Anne Smith, Niley Judson Smith, Bertha Louise Sommers, Donald Ray Swanzy, Alice G. Tamez, Victor Tena, Carole Jean Terry, Roy Dean Tomasek.

Also Margaret Lillian Vansa,

Clifford David Wohleb, Robert Lee Ignacia Agnes Vasquez, Roy Earle Waldrop, Harriet DeLaine White, Carol Ann Wilson, Charles C. Wise,

Woodum, Delores Ann Zarosky, Margaret Caroline Zots, Paula Lucille Zots and Frances Thompson.

THE FAMILY LAWYER

CRIME BAIT

Eva, caught eating the forbidden fruit, offered God a defense: "The serpent beguiled me." Today, too, many a person caught in a wrongful act blames it on temptation - often, by the very policeman who arrested him. Is "The policeman beguiled me" a good defense to a criminal charge? It might be if the circumstances are strong enough. Consider this case:

A plain-clothes detective asked a bellhop to place an illegal bet for him. The bellhop, having neither experience nor inclination in that direction, said no.

Undeterred, the detective kept coaxing him for days, promising to reward him for the favor. At last the bellhop did as he was asked - and was promptly placed under arrest.

But a court ruled later that he had a valid defense. The judge pointed out that the detective had planted the criminal intent in a previously innocent mind. It is a different story, however, if the officer merely provides the opportunity for a criminal intent that already exists.

A detective, noticing an ad for spicy photographs, sent in his money under an assumed name. By return mail he received a batch of obscene material. And, in due course, the seller was arrested for misuse of the postal service.

At the trial, he protested that the detective had deliberately brought about the mailing. But the court threw out this defense. For, even though the detective had baited the trap, the seller had obviously been ready to step in. "A line must be drawn," the United States Supreme Court has said, "between the trap for the unwary innocent and the trap for the unwary guilty."

Tricks by the police are particularly necessary in certain types of crime. A robbery is likely to

be reported by the person who is robbed. But a scale of dope, or a sale of illicit whiskey, is not likely to be reported by the buyer. To get evidence of such offenses, the police generally have to go after it themselves.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

MARKET DOWN IN TEXAS
Texas farmers and ranchers received \$99.6 million during February from the sale of all crops, livestock and livestock products. Cash receipts from all marketings were down 18 percent from a year ago, according to the Texas Crop and Livestock Reporting Service. Livestock and livestock products contributed \$75.8 million and crops \$23.8 million to the total for February 1965.

Circular masonry towers were built where native stone was too hard to be squared for corner construction.

CLARKSON

Library Announces

By Mrs. George Logan
Mrs. Hattie Bensch entertained the 42 Club at her home Tuesday. Delicious refreshments were served.

Mr. and Mrs. Bill Marek of Dallas are here in the homes of relatives and visiting his father, Walter Marek Sr., who is very ill. John McIntosh has been ill in the Halbert Hospital for a few days.

Water lines are being installed at Burlington and Ben Arnold. Five churches and 134 families will be served.

Mrs. Philip Ermis and six children of Garland and Mrs. James Bostick and daughter, Maurie of Hillsboro have been guests of their parents and grandparents, Mr. and Mrs. Phil Krause.

Mr. and Mrs. Jack Hickey and daughter of Houston were here in the home of Mr. and Mrs. Charlie Litzman. They were accompanied home by Mrs. Tillie Hickey who will spend two weeks in Houston.

Mrs. Celia McSherry of Granger made her last visit to the Public School here before it closes May 24.

Mrs. J. D. Lewis of Buckholts made a visit to the Public School last week.

Choir practice was enjoyed here by members of the Catholic Church and by members of the Cyclone Catholic Church Thursday night.

Miss Carolyn Ann Krcha of Temple was given a miscellaneous shower here. She is a bride-to-be of Don Hengatter.

Rev. Bob Hartman filled his regular appointment here at the Baptist Church Sunday. He was a dinner guest of Mr. and Mrs. George Logan Sr. Rev. Hartman is leaving Waco for Phoenix, Ariz., soon for the home of his parents, Mr. and Mrs. H. Hartman. Burlington hopes to have another pastor soon.

QUALITY HAY

Feed and ample amounts of quality hay are basic to a good dairy feeding program. Make arrangements now, advise dairy specialists of the Texas Agricultural Extension Service, for the hay that your herd will need this fall and winter. Factors which influence hay quality are kind, soil fertility, stage of growth at harvest, freedom from weeds, proper curing, percent of leaves, soft stems and palatability.

By Mrs. H. H. Linke
Miss Roberta Daniel of San Marcos was a weekend guest of her sister and brother-in-law, Isable and Walter McDaniel.

Mrs. Larry Henry, Donna and Jo Ann of Fort Worth spent the weekend with her parents, Mr. and Mrs. H. W. Clark. Her brother, Mitch, accompanied her home.

Mrs. Birdie Sanderford is a patient in Johns Hospital in Taylor where she had major surgery last Friday. Mrs. Sanderford is Mrs. Darrell Conn's aunt.

Mr. and Mrs. Bill Stigall, Dale and Brien of League City spent the weekend with their parents, the H. W. Clarks and William Stigalls.

Mr. and Mrs. David Terry and girls of Houston were weekend guests of their parents, Mr. and Mrs. James Terry and Mr. and Mrs. Guy Phillips.

Mr. and Mrs. Charles Wimer of Eldorado and Tow visited Miss Ella Yeager and sisters Sunday afternoon.

Mrs. Pat Fletcher of Dallas spent the past week with her parents, Mr. and Mrs. W. W. Terry. While here she took her parents to visit Mr. and Mrs. Gayle Wright in Yoakum.

Mr. and Mrs. Guinn Gifford, Charles and Louis spent the weekend in Houston with Mrs. Gifford's

By Mrs. J. A. Blasien
Guests of Mr. and Mrs. Amos Doskocil Sunday were Mr. and Mrs. Billy Stuessel of Temple, Mr. and Mrs. Leonard Doskocil and children of Ben Arnold and Bruno Kaulfus of Graham who was enroute to College Station where he will attend a special course at A&M University. Mr. and Mrs. Amos Doskocil Jr. and daughter of Ben Arnold visited in this home on Friday.

Mr. and Mrs. Robert Brock and daughter of Temple visited her parents, Mr. and Mrs. Arthur Chollett and Lester recently.

Mrs. V. D. Dodd spent several days with her son and family, Mr. and Mrs. Alvin Dodd of Walkers Creek after being released from the hospital last week.

Mr. and Mrs. Charles Burnett and son of Bryan visited Mr. and Mrs. Hubert Skala and Kelvin recently.

Visitors in the James Terry and W. W. Terry homes last week were Mr. and Mrs. Willis Terry of San Antonio.

The San Gabriel River overflowed its banks three times last week at the crossing below the Worley and Linke farms and twice at San Gabriel, closing traffic each time on the farm to market road between Thorndale and Cameron.

New Summer Hours

Summer hours for the Cameron Public Library will start June 1, according to Mrs. Tom Wardlaw, librarian.

The library will be open from 8:30 a.m. to 12 noon Tuesday through Friday and on Saturday from 8:30 a.m. until 12 noon and from 2:30 p.m. to 5:30 p.m. The library is closed all day Monday.

cently.

Mr. and Mrs. Louis Skala joined Mr. and Mrs. Joe Pagach of Maysfield recently for a visit with Mr. and Mrs. Neal McElrath in Amarillo. Mrs. McElrath is the sister of Mrs. Skala and Mr. s Pagach.

Mrs. Joe Hawk spent the past weekend in Bryan. Mr. and Mrs. B. W. Hawk and children were guests of relatives there on Sunday.

Mr. and Mrs. Alfred Kohring visited in Irving with their son and family. Mr. and Mrs. Nelson Kohring and daughter Paula over the weekend.

Mr. and Mrs. Billy Ernest and son David of Barclay and Mr. and Mrs. Melvin Bosvar of Cyclone were guests of their parents, Mr. and Mrs. Louis Skala on Sunday.

with his grandparents.

Mr. and Mrs. Verne Pentecost were called to Cleveland on Tuesday due to the sudden death of her niece there.

Mrs. Jewel Smalley of Cameron was a weekend guest of her sister and husband, Mr. and Mrs. Luther Todd, and attended church services at Little River Baptist Church on Sunday.

These attending Baccalaureate Services at Cameron Sunday night were: Mr. and Mrs. Harry White, Mrs. R. K. Fontaine and daughter Karen, Miss De Laine White is an honor graduate.

FERTILIZER-WEED CONTROL.

Fertilizer can make the difference between profit and loss on crops and pastures, say Extension agronomists at Texas A&M University. They suggest the use of plenty of fertilizer for temporary grazing crops as well as for hay meadows and permanent pastures. Local county agents can supply information on recommended weed control programs.

Yoe High Seniors

Church Of Christ

VBS Starts Monday

The Church of Christ, 3rd and N Central in Cameron, will have Vacation Bible School May 31 - June 4 from 9 to 11 a.m. each day. Classes are planned for all ages, according to Mr. Dan Gibson, preacher.

Guest teachers who will help with the school are J. B. Nelson from Elm Mott who will teach the adult class, and D. Melvin Allen, preacher of the church at Rogers, who will teach the junior high class.

Awards will be presented Friday, June 4, and the school will close with a picnic at City Park. Mr. Gibson said "all have a cordial invitation to attend."

42 Party Tonight

For KC's Wives

Members of the Knights of Columbus and their wives have been invited to a "42" party beginning at 8 p.m. Thursday, May 27.

The party will be at the Knights of Columbus Hall, according to Mr. Pete Kunz, chairman.

MAYSFIELD NEWS—

By Mrs. J. P. Wise

Mrs. W. C. Cooper left Austin by plane on Wednesday for Heidelberg, Germany, for a visit with Rev. and Mrs. Frank Newton and family. Mrs. Newton is the former Miss Marjorie Jane Cooper and Rev. Newton is the son of Mrs. W. R. Newton Sr. of Cameron. Mrs. Eldred Massenzale of Free-

5 Area Students To

Receive Degrees Sat.

Litzman Installed President Of St. Anthony PT-C

H. J. Litzman was installed president of St. Anthony Parent Teachers Club at the last yearly meeting of the organization.

Other new officers installed were Mrs. Theresa McAtee, first vice president; Mrs. Loretta Brock, second vice president and out-going president; A. L. Schoppe, treas-

urer and Mrs. Mary Trdy, his-torian.

Major objectives achieved during the year by the PTC were discussed. Some of them were installation of paper toweling and paying for upkeep of supplies in the school's restrooms; purchase of new globes, text books, maps, new math teaching equipment, some playground equipment, song books, annual telephone bill for St. Anthony School and the Sister's convent and other incidentals.

The PTC also sponsored the end-of-school picnic and furnished food for the day free of charge to the

approximately 180 students en-rolled.

Another major "job" completed by the PTC this year was help with conducting a physical activity program at the school. Volunteer workers from the PTC, chairmaned by Mrs. Louis Hollas in cooperation with Sister M. Relindis, school principal, conducted the educational physical activity program that had previously been recommended by the President's (Kennedy) program for physical fitness.

Mrs. Brock pointed out that the PTC projects were made possible through volunteer fund-raising functions such as the monthly hot-dog sales at the school (average profit, \$15 per sale) and the annual school carnival, usually held each fall.

Mrs. Cox Announces Piano, Organ Recital

Mrs. Francis Cox will present her piano students in recital 7:30 p.m. Saturday, May 29, at the Ben Milam School.

She will also present "The Organists of Tomorrow" at 3 p.m. Sunday, May 30, in the First Baptist Church.

"These projects are possible not only through those who help stage these fund-raising events, but also through those who are kind enough to show their interest in the children of St. Anthony's by participating and by attending," Mrs. Brock said.

St. Anthony School Graduates Seventeen In Sun. Exercises

Graduation Exercises for the Eighth Grade of St. Anthony School

were held Sunday, May 23, at St. Monica Church.

Father John Geiser presented the diplomas to the following: Sharon McLerran, Marilyn Hanel, Julia Vaculin, Diane Kurtz, Anita Litzman, Margaret Susik, Esperanza Tamez, Deborah Hanel, Danny Matula, Vincent Reisner, David Hurlik, Bill Ellis, John Hanel, Frank Hanel and Harold Hollas.

The highest award was presented to Sharon McLerran; second, Marilyn Hanel; third, Julia Vaculin; and fourth, Danny Matula.

Among the Eighth Grade graduates perfect attendance certificates were given to Margaret Susik, Diane Kurtz, Marilyn Hanel and Sharon McLerran.

were held Sunday, May 23, at St. Monica Church.

The following students will play: Beth Brock and John Ben Sutter (St. Monica); Connie Shumate and Kathy Price (First Baptist); Becky Beckhusen and Rebecca Fuchs (Hope Lutheran, Buckholts); Jane Callaway (First Christian); Eugene Wallace (First Methodist); and Danny Ray Kelley (AME Beth-el Methodist).

The public is invited to both programs.

Barbecue Honors St. Anthony Grad

The centerpiece on the redwood table was a cake decorated with a Maypole with pink streamers attached to miniature graduates.

The Rev. John Geiser and Rev. Paul McCallum were special guests. Other guests included girls of the 8th grade graduating class of St. Anthony's School.

Mr. and Mrs. Raymond Kurtz honored their daughter, Diane, with an outdoor barbecue Saturday night at their home.

Most species of sharks bear living young, called pups.

Burlington Rites For H. E. Geiser

Henry E. Geiser, 58, of Burlington died in a Temple hospital Saturday, May 15, following an extended illness.

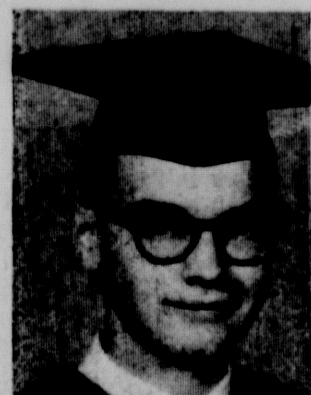

Funeral services were held at 9:30 a.m. May 17 at St. Monica's Catholic Church in Burlington with Rev. John Geiser of Cameron officiating, assisted by Rev. Ed Geiser of Tours and Rev. Arthur Melchaka of Burlington.

Burial was in St. Michael's Cemetery with Hoelscher Funeral Home in charge of arrangements. Mr. Geiser, a farmer, was a life-long resident of Burlington. He was a member of St. Michael's Catholic Church and a veteran of World War II.

Survivors include three brothers, Joe Geiser of Burlington, Rev. John Geiser of Cameron and Rev. Ed Geiser of Tours; two sisters, Miss Mary Geiser and Mrs. W. J. Warschak, both of Burlington; three nieces and three nephews.

Polibearers were Paul Olbrich, Frank Olbrich, August Helpert, Leo Helpert, Rudolph Helpert and Jake Futschik.

—SHARP NEWS—

By Mrs. W. Schwarz
Due to rains and high water I didn't get my news in last week's paper.
Mr. and Mrs. J.D. Pope are the proud parents of a little

granddaughter, Melissa Ann, 8 lb. 5 oz. born May 20 in St. David Hospital in Austin. Her parents are Mr. and Mrs. John Dewey Pope.
Mrs. J. D. Pope is in Austin

this week getting acquainted with her first grandchild.
Mrs. Frank Gamble is spending this week in Austin with her son and family, Mr. and Mrs. Glen Gamble. During last Sunday's rain storm in Austin, the Glen Gamble family were coming from Brenham and had an accident. Mrs. Gamble received some fractured

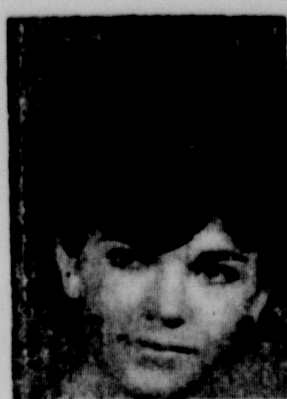

ribs and he had some teeth knocked out; both had minor bruises.
Mrs. Malitta Galler has returned home after spending several weeks with her mother, Mrs. Max Rinn, while she was hospitalized.
Mr. and Mrs. Frank Kolia and Mr. and Mrs. Louis Kinn of Rockdale were Sunday afternoon visitors with Mrs. Rinn and Miss

Agnes.
Mr. T. A. Triggs of Lubbock is spending a few days with his son and wife, Mr. and Mrs. George Triggs.
Mr. and Mrs. Alvin Rinn of Bryan were visiting relatives last weekend.
Mr. and Mrs. Vivian Mitcham and family of Irving spent the

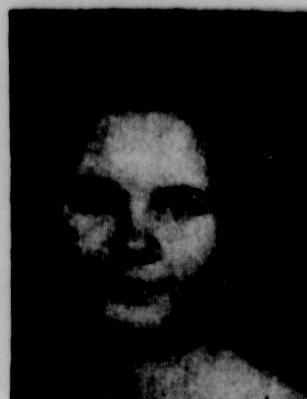

week with his mother, Mrs. Micham. Odell Mitcham of Buckholts was also a visitor.
Mr. and Mrs. Lenza Caffey spent Sunday afternoon in Rockdale with Mr. and Mrs. Vesper Christian and family.
Mr. and Mrs. Carl Von Gonten of Buckholts were Sunday guests of his sister, Mrs. Annie Abel. They

drove to Rockdale where they visited with Mrs. Henry Von Gonten in the Boswell Rest Home. They also made a brief visit with Mr. and Mrs. John Timmerman.
Mrs. Annie Schwarz and Mrs. Willie Schwarz visited with Mr. and Mrs. Alfred Dittmar and Mrs. J. L. Modesett, also the John Drummonds and Mr. and Mrs. Otto

Luetge Saturday.
Mrs. Mabel Charles spent Sunday night with Mrs. Theda Albrecht.
The first wagon road through the Alps was begun in 1338 and led through the Septimer pass.

Rogers Seniors Receive Diplomas During Tuesday Commencement

State Senator Murray Watson was commencement speaker at Rogers Tuesday evening when 51 Rogers High School seniors received their diplomas.

Rev. John Witte gave the invocation and Mr. Melvin Allen the benediction. Diann Bartek, class president, gave an address of welcome and special music was presented by the school band under the direction of Charles Conner. Special awards were presented by J. L. Chervenka and Supt. B. F. Harbour represented the Board of Education and presented the diplomas.

Students graduating with honors were Diann Bartek, valedictorian; Jeanette Kovar, salutatorian; and Rose Marie Brenek, Bonni Farmer.

Promotion Exercises For Elem. School

ROGERS
The Eighth Grade Promotion Exercises of the Rogers Elementary School were held in the gymnasium at 8 p.m. Wednesday, according to Darwin Schwertner, principal.

The procession was played by Mrs. L. P. Moore. The invocation was given by Marsha Guess, the Welcome Address by Judy Hoelscher. The Junior High Choir sang, Karen Schneider talked on "In Ourselves, the Future Lies" followed by the Class Song, "Moments to Remember" by Gayle Kovar.

Prin. Schwertner introduced the speaker, County Judge William Elack of Belton. Schwertner made special awards and Supt. B. F. Harbour presented certificates of promotion. Bill Craft pronounced the benediction.

Ushers from the seventh grade were Caroline Doskocil, Russel Chupik, Margaret Green and Rodger Weems. Honor students were Karen Schneider, Judy Hoelscher, Marsha Guess and Bill Craft. Class sponsors are Mrs. Selma Cannon and Darwin Schwertner.

A coot is an aquatic bird found principally in South America.

Fully-grown bottlenose porpoises sometimes weigh more than 500 pounds.

Sgt. Richards Awarded Air Medal At Pope

Also graduating are: Judy Ashby, Janet Bartek, Pamela Brown, Janet Caba, Doris Craft, Anita Crawford, Catharine Gilleland, Deanna Gottschalk, Carroll Hawkins, Annette Kovar, Karen Kovar, Annetta McQueen, Evelyn Macek, Susan Martinez, Trudy Mikulas, Darleen Morgan, Paula Raley, Julianna Schneider, Shirley Stanke, Doris Tyrock, Dorothy Tyrock, Barbara Warwick, Joyce Winkler, Mary Faye Wright, Angie Soliz and Margaret Riveria.

Also, Leonard Cobb, Ronald Dubcak, Richard Franklin, Kenneth Green, Billy Grygar, Anton Hutka Jr., Richard Jecmenek, Bobby Killough, Leroy Klement, Calvin Mott, Linhart Pechal, Edward Skrabanek, Bruce Stewart, Jerry Trampota, David Vanicek, Kenneth Waits, Dwayne Williams, and Bill Young.

Dr. Fred C. Crawford spoke to the group emphasizing that retardation will be of deep concern to the new Dept. of Mental Health and Retardation. This department will become a separate unit in September. Three out of every 100 children born are retarded, but 80 percent of these can be educated to function successfully in society. Only 20 percent cannot be educated enough to fit into society and will need to be placed in state schools.

Dr. Crawford reported that researchers have found that Mental Health hospitals merely "train people to be patients," because the environment is unlike day to day life.

Dr. Crawford said it was possible that Milam County could locate an out-patient clinic.

Karen Kovar

Residents Attend Funeral In Alabama

Mr. and Mrs. Wilson Pool, Mr. and Mrs. Walter Black and Mr. and Mrs. Lester Turner attended the funeral of their aunt, Mrs. Cora Johnston of Evergreen, Ala., last Saturday.
She was a resident of Milam County before her marriage.
Survivors are her husband, Neal Johnston of Evergreen, Ala.; one brother, Z. T. James of Rosebud; and two sisters, Mrs. Leah Hairgrove of Rosebud and Mrs. Ruth Penisten of Shawnee, Okla.

BUCKHOLTS NEWS

By Mrs. J. W. Meyer

Nealon Peeler.

Mr. and Mrs. Jim Petruy and daughter, Mrs. Nealon Peeler, visited at Little River at the home of Mr. and Mrs. Clyde Kelley where they joined their daughter and sister's family, Mr. and Mrs. Windle Kelley and son Kevin of Odessa.

Mrs. J. B. Short of La Porte was a recent visitor in the home of her parents Mr. and Mrs. E. B. Hyer of Buckholts.

Mr. and Mrs. Jim Petruy have had as guests her brother and sister-in-law, Mr. and Mrs. Jerry Slovacek of Snook and her sister and brother-in-law, Mr. and Mrs. Ed Schuler of Houston.

Mr. and Mrs. John Henson's guests have been their daughter's family, Mr. and Mrs. Jimmy Nichols, Sherry, Cynthia and Denise of Temple.

Edwin Lyn Peeler, student at Institute of Electronic Science at Bryan spent the weekend at home with his parents, Mr. and Mrs.

Mrs. Tal Woodward accompanied Mr. and Mrs. George Copeland of Rogers to El Paso where they are visiting their children, Mr. and Mrs. Herman Copeland.

Mr. and Mrs. J. W. Meyer's guest has been her sister Miss Smithie Ritchie of Dallas.

Mrs. J. D. Lewis and sister, Miss Arty Peters, visited their brother's family, Mr. and Mrs. Irl Peters.

VBS Announced For

Buckholts Brethren

Vacation Bible School will be held at the Buckholts Brethren Church May 31 - June 4, from 8:30 to 11:15 a.m. There will be a class for the nursery, beginners, primary, juniors, junior high and youth. Everyone is invited to attend.

The closing program will be Friday, June 4, at 8 p.m. Mrs. Kathryn Janicek is Bible School director.

Beckhusens Honor

Buckholts Faculty

Mr. and Mrs. Wilburn Beckhusen honored the Buckholts School Faculty and Trustees with a barbecue supper Saturday evening.

Following supper the 50 guests enjoyed movies and slides of school activities during the past year and several guests played organ and piano selections.

Outdoors In Texas

By Vern Sanford

Like to take a camera along when you go outdoors?

Here are a few tips that should help you get better pictures.

To begin with don't be discouraged. Professionals don't always get perfect prints, either. They just don't show you the inferior ones.

First step is to load your camera with film. This is no special trick. But you must remember to get the film in straight so it will run smoothly on the spool. Otherwise, it will jam. Also be sure to perform the loading operation in the shade. Should any light reach the film it will be ruined for picture-taking.

If you are outdoors where there is no shade, shield the camera and film from the sun with your body.

Equal caution, as to light, should be taken in removing the film from your camera after it has been exposed. Unloading is simple, as you doubtless know, when you use a box camera. But if yours is a 35mm job, you have to rewind the film, back on the original spool, before you unload. That's because 35mm film has no backing paper. It is protected from light solely by the metal magazine in which it is packed.

You can take fine snapshots with a box camera. Its advantage is that it doesn't cost much. It is adequate for ordinary picture-taking. In the hands of an expert it can turn out pictures good enough for any magazine cover. And that goes for color photos, as well as black and white.

With flash, you can take pictures at night or indoors with a box camera. Also you can improve some of your daylight shots by employing flash. It will eliminate shadows that fall on your subject.

You suspect, if you are a box camera user, that the fellows who have adjustable cameras, which cost a good deal more, can do things with their rigs that you can't do. And you are right! But don't bother about it. They also have to know a great deal more about it than you do.

Users of adjustable cameras have three adjustments to make: time of exposure, shutter opening and distance. With a box camera you don't concern yourself with these because they are already set for you.

Your shutter opens and shuts at the rate of 1-50 of a second. Your camera aperture is f-22, and your distance is "infinity."

That's exactly the kind of setting the operator of an adjustable camera might use.

Sticking to fundamentals, and first things first, any photographer must try to keep his camera steady when he pushes the button. Otherwise he will get a blurred picture.

One way to achieve this steadiness is to hold the camera firmly against your cheek, or body, when snapping. You can steady yourself by leaning against a tree, telephone pole, rock, or other available object.

When the time comes to snap don't jab at the trigger. Squeeze it, just as you would pull the trigger when trying to hit the bullseye on a rifle range. How fast or hard you push the button doesn't affect shutter speed. With a box camera your shutter is going to expose the film for one-half a second (1-50th), no matter

how you make the thing operate. But camera movement will greatly affect results. Hold it steady, trip it smoothly.

Okay, so what about action shots?

You are not going to stop a whole lot of action with 1-50 of a second shutter speed. But there are some things you can do to improve the pictures you take where there is motion.

For example, let's say you are trying to shoot a moving boat. When the craft is moving directly toward you, or directly away from you, there is a very good chance of your getting a sharp, clear picture. But if the boat is going directly across in front of you, neary and at good speed, it is more difficult. But not impossible!

To get this kind of picture, we violate the rule about keeping the camera still, and we "pan" with the movement of the boat. That is to say, we follow it in its course, moving the camera to keep the boat sighted in the finder, and shoot when ready.

In this way we are keeping the camera in line with the motion of the boat. This reduces the motion insofar as the exposure is recorded on the film. If we work

this right, we will get a good, clear, sharp picture of the fast-moving boat. The background will be blurred because of the camera movement. But we don't care about that. The boat picture was what we wanted anyway. And that blurred background simply centers attention on the main subject of the picture.

On the water, there is more light than on land, because there is more reflection of the sun's rays. But you don't consider that with your box camera. Allowance for a certain amount of variation in light conditions inherent in the film will take care of it.

We suggest Verichrome Pan film.

If you are in the deep woods, even on a sunny day, there will be much less light than out in the open. Here you'd better think about using your flash rig.

When you use the flash attachment, you have to consider distances. This because the farther away your subject is from the flash, the less potent the light.

When you buy flash bulbs, you will find on the package a chart showing how far away from your subject the camera may be and still produce enough luminous quality to expose the film properly to

Local Banks Help State 4-H Roundup

The Texas 4-H Roundup activities to be held at College Station June 1 - 3 is being made possible by joint efforts of the Texas 4-H Youth Development Foundation, A&M University and Texas Agricultural Extension Service.

The Texas 4-H Youth Development Foundation is made up of people and organizations from local communities throughout the state who have contributed in 1964

65 to the funds to support 4-H Clubwork in the state. Friends of 4-H canvassed the banks in Milam County and received financial support from them. These contributions received will go into support of recognition awards, the barbecue and the night entertainment to be held at Roundup this year.

Texas 4-H Roundup is a highlight to the 4-H Club work when hundreds of 4-H Club winners from their district competition join forces on the A&M University campus to compete for top rank in their individual contest.

make a good negative. I might suggest six feet as a normal working basis as to distance.

With your box camera, where distance is set at infinity, there is no limit to the distant things you can get into the picture. But there is a limit as to proximity. When your subject is less than six feet you are going to get a blur, and the nearer the subject the more blurred it will be.

Read this column over once again, then load up and go picture taking. We'll bet you come up with some good pix. Power to you!

There are 29 different contests in which 4-H'ers participate in the state roundup event. Each of these contests have been designed with these purposes in mind: to present an opportunity for youth to gain in poise and self-confidence as a result of depth study in the specific area of interest to the individual 4-H'er, and through the development of the ability to share their findings with others through demonstrations and illustrative lectures.

Buckholts Names Honor Students

The two highest ranking seniors of the 1965 Buckholts High School graduating class are Mary Jean Massingill, valedictorian, and Lawrence Hanke, salutatorian.

Miss Massingill has a four year average of 91.45. She is the daughter of Mr. and Mrs. Bruce Massingill.

Hanke has a four year average of 83.24. He is the son of Mr. and Mrs. Ernest Hanke.

New Caparol

controls weeds in cotton at layby without residue problems in crops planted next spring.

You can spray new Caparol* at layby for control of most annual broadleaf weeds and grasses, without fear of a soil residue carryover to harm crops planted in the spring of 1966. Just apply Caparol after your cotton is up six inches or more and before weeds are two inches high.

Spraying Caparol at layby will give you control until your cotton is up high enough to shade out any weeds that may germinate late in the summer. You can even apply Caparol where other herbicides have already been used and you find weeds breaking through.

Caparol is easy to handle and apply. Just direct the spray at the base of the cotton plants. You'll get quick knockdown of the young weeds and grasses. Then the action of Caparol continues to control

weeds and grasses through the roots as they germinate for the next several weeks.

With Caparol on the job, you won't have weeds to compete for moisture and plant food. And you won't have rank weeds to foul up harvesting . . . to stain and downgrade lint.

So plan now to use Caparol at layby. It's available through your local supplier.

*CAPAROL is a trademark of the Geigy Chemical Corporation for its brand of PROMETRYNE herbicide.

County Agent's Notes

Experts Advise Pecan Growers

By J.D. Moore

Wet and cold weather in Texas has greatly influenced the development of the pecan nut casebearer this season. The casebearer banding program employed this spring at the U.S. Pecan Field Station at Brownwood and the West Cross Timbers Experiment Station at Stephenville, have been of great value in staying current on the development of this pest. The banding program carried out by numerous county agents and their pecan committees have also been of great help.

Summary of U. S. Pecan Field Station, Brownwood, situation; 1st adult moth emerged Friday, May 14; 5 percent had emerged Sunday, May 16; peak emergence set Wednesday, May 19; casebearer egg found May 20; 9 days from 5 percent emergence (May 16) - May 25; 6 days from peak (May 19) - May 25.

L. D. Romberg and George Madden of the U.S. Pecan Field Station point out that they plan to start their casebearer spray program in their orchard around May 25. They will continue to check the pecan clusters on their banding time schedule.

Summary of West Cross Timbers Experiment Station, Stephenville situation; 1st moth emerged Thursday, May 13; 5 percent of moths had emerged Saturday, May 15; cold weather resulted in 3 straight days of no moth emergence; moths resumed emergence Tuesday, May 18.

Tom Denman projects that on the basis of their banding program (barring cold weather) they plan to initiate their casebearer spray program around May 26 continuing to approximately June 1.

County Hay Show Plans Made - Ed Laywell, chairman of the Agriculture committee of the Cameron CoC; G. F. Dunston, chairman of Heart of Texas Dairy Herd Improvement Assn.; Coleman Duncan, implement dealer; and Chamber board member, Leo Fuchs; and Byron Wise, representing the County Livestock Committee, met in the County Extension office May 21 to make plans for the first Milam County Hay Show

survey, Jacob Gross survey, Cotton Wells Headright, Stephen Jackson survey, James Welch survey and John Williams survey, Milam County.

to be held on the afternoon of Aug. 6 during the Town and Country Fair.

Hay classes set up are: Coastal Bermuda, Common and N.K. 37 Bermudagrass, Prairie and Native hay, Millet, Sorghum forage, Sudan varieties, Oats, Rye grass, Alfalfa, Sweet Clover, Cowpea, Peanut, Vetch.

Rules for the Show are: Hay must be produced in Milam County by exhibitor; individual may exhibit only one sample per class; entry: string-tied block at least 4 inches thick; no loose hay accepted; entries in all classes will be classified - blue, red or white ribbon; injurious foreign material disqualifies a sample; the entry deadline will be July 15; entries will become the property of the show; entries will be classified on the A&M University Standard Hay Scoreboard; \$4.00 for the chemical analysis must accompany the entry.

A hay show is an excellent opportunity to production of forage to focus attention at one time on all the important factors involved in the production of high quality forage. Except for the way the forage is harvested, this applies to production of forage for grazing as well as to that produced for hay. A hay show provides the means for teaching the things which may be done to produce high quality forage, the characteristics of high quality hay; and the values of high quality forage. It can help sell locally produced hay, build buyer resistance to low quality hay, and point out the economic significance of hay. This activity is an interesting and relatively new teaching method.

The need for an adequate supply of wholesome drinking water for livestock cannot be over emphasized. Many animals, say Extension specialists at Texas A&M University, do not perform as well as they should because of a poor supply of water. Stagnant, muddy water is not only a poor source but may be responsible for disease and infection. Feed consumption is directly related to water consumption. Feed consumption will drop if water supply is low.

Saxons were the leading miners in Europe during the 16th century.

4-H CLUB NOTES

On Wednesday May 26, an all day workshop will be held in Gause for the 4-H girls working in Clothing. The purpose of this meeting will be to work on 4-H Clothing record books. The 4-H Adult Leaders for this will be Mrs. David Wilkins and Mrs. John Todd. The 4-H girls of Gause attending this will be: Jackie Todd, Beverly Wilkins, Rita Kay Anderson, Barbara Favors, Joyce Young, Janice Popham, Wanda Favors and Sue Shaw.

Senior Clothing girls of Cameron will meet for an all day workshop May 27 at 9:30 a.m. in Simon George Hall to begin construction on garments to be modeled at the County Dress Revue June 11.

4-H Adult Leaders Assn. will meet May 31 at the Chamber of Commerce office in Rockdale at 7:30 p.m. The program will be an evaluation and planning workshop for the new year.

Mrs. Joyce Terhune, program vice chairman, will lead this Workshop.

Members of Milam County 4-H Horse program will meet Friday, May 28, at 7:30 p.m. at the Cameron Saddle Club arena. This meeting will be the first outdoor meeting of 1965. Bring your horse so you can practice for the June 26 district eliminations to be held in Belton.

Young Farmers

Statewide Field

Day June 5th

Some 800 Young Farmers and Young Farmer wives including about 15 from the Cameron area are expected to attend a Statewide Young Farmer Field Day scheduled to be held June 5 at Bobby Traweck's farm near Dublin, Texas. Traweck is the 1963 Outstanding Young Farmer of Texas.

The Field Day, sponsored by the State Assn. of Young Farmers, is the first of its kind ever held and is a part of a pilot program called "Outstanding Young Farmer Project." The unique project is primarily designed to beef-up the Outstanding Young Farmer

erion Saddle Club arena. This meeting will be the first outdoor meeting of 1965. Bring your horse so you can practice for the June 26 district eliminations to be held in Belton.

awards program all ready in operation by:

Providing Outstanding Young Farmers with fertilizer, herbicides, equipment and other materials used in developing educational demonstrations.

Providing Outstanding Young Farmers with the benefits of long-range plans developed by teams of farm experts.

Another objective of the "Outstanding Young Farmer Project" is to provide agri-business firms an opportunity to carry out demonstrations with their products under practical farming situations. Seventeen agri-business firms are currently cooperating in the project on the Traweck farm.

The Field Day will begin at 9:30 a.m. Saturday, June 5, with a tour of the farm and a study of educational demonstrations in progress. A barbecue will be served at noon Saturday. The program will wind up with a general session Saturday afternoon at which farm experts from Texas A&M University, the SCS, the Texas Agricultural Extension Service and Vocational Agriculture will present long range plans developed for the Traweck farm in farm management and in soil and water conservation.

THE HERALD'S FAMILY CORNER

IT'S A LIVING -- by Al Johns

Nola Knows

By Nola White

Dear Nola - I'm in my seventies and have to live with my sons and their wives. I have four sons. Wouldn't it be best to spend a few months with each one so I will not wear out my welcome in any one place? My daughters-in-law seem to like me and ask me to go places with them. I know they will get tired of that so I rarely go, but insist they go on without me. They usually do and seem happy about it. Is there any way I can avoid interfering with their family lives?

Mon
Dear Mon - You sound like a very thoughtful, considerate lady, and I'm sure your daughters-in-law do like you. They probably genuinely want you to go with them but if the plan you've been using works well, and you're content not to go out much, perhaps it would be best to continue that way. To avoid interfering with the home life of the families, I'd suggest that you have your own circle of friends and your own interests. But remember that you, too, are a part of the family life of the son with whom you are living. Enjoy yourself and continue to be as thoughtful of others as you seem to be. Perhaps it would be best for you to make your permanent home with only one of your sons, and make visits to the other children.

ren. Talk it over with them. You need the security of knowing you always have a home to go back to.

Dear Nola - Since I'm just starting out in the business world and want to be as successful as possible, I hope you can help me. I'm a girl, 18 years old, and a high school graduate. Are there special books I should read? I'm especially concerned about how to act with the persons I meet and deal with.

Betty of Teague
Dear Betty - There are so many good books I don't know where to start. If I remember correctly, Teague has a library. If not, I know Mexico has one. Ask the librarian to help you pick some of the really excellent self-help books. Read at least two a year for the inspiration they give if nothing else. I believe, Betty, that if you'll develop a genuine interest in the people you meet, and treat them with the utmost consideration for their feelings, you'll do okay!

Dear Nola - When a minister is asked to perform a wedding ceremony is it proper for his wife to attend the wedding?

Miriam
Dear Miriam - Only if she's invited.

SELF ANALYSIS QUIZ

Are You Welcome When You Visit Someone Ill?

By Jane Sherrod Singer

So you think you're the original little ray of sunshine? Answer the following questions truthfully, and then—probably—hang your head in shame!

Mark (a) or (b) according to choice and then check your score at the end.

- (a) Do you visit people who are sick because you feel it is your duty to do so?
(b) Or is it with the definite intention of cheering them up?
- (a) Do you devote most of the conversation to the exciting things that have been happening to you?
(b) Or do you remind the sick person of the good things in store for him or her?
- (a) If they are making slow progress do you tell them that they must not expect miracles?
(b) Or do you make haste to mention the marvelous cures which the medical profession are effecting these days?
- (a) Do you make disparaging remarks about the doctors and the nurses?
(b) Or do you try to convince the person who is ill that he (she) couldn't be in better hands?
- (a) Do you tell him that they will be soon up and about?
(b) Or do you advise them to resign themselves to a long stay in bed?
- (a) When relating the news to them do you tell them the good and the bad?
(b) Or do you have the more disturbing items until they are well again?
- (a) Do you stay as long as you can?
(b) Or do you just sit in for a minute and then make yourself scarce?
- (a) If the patient attempts to talk about his (her) illness do you make a pretense of listening?
(b) Or do you lend a sympathetic ear to his (her) woes?
- (a) Do you come empty-handed?
(b) Or do you try to bring something which you know will genuinely please?
- (a) Do you tell them that they are lucky to be able to take it easy in bed?
(b) Or do you avoid the subject altogether and concentrate on lighter matters?

ANSWERS: Score five points for each correct answer.

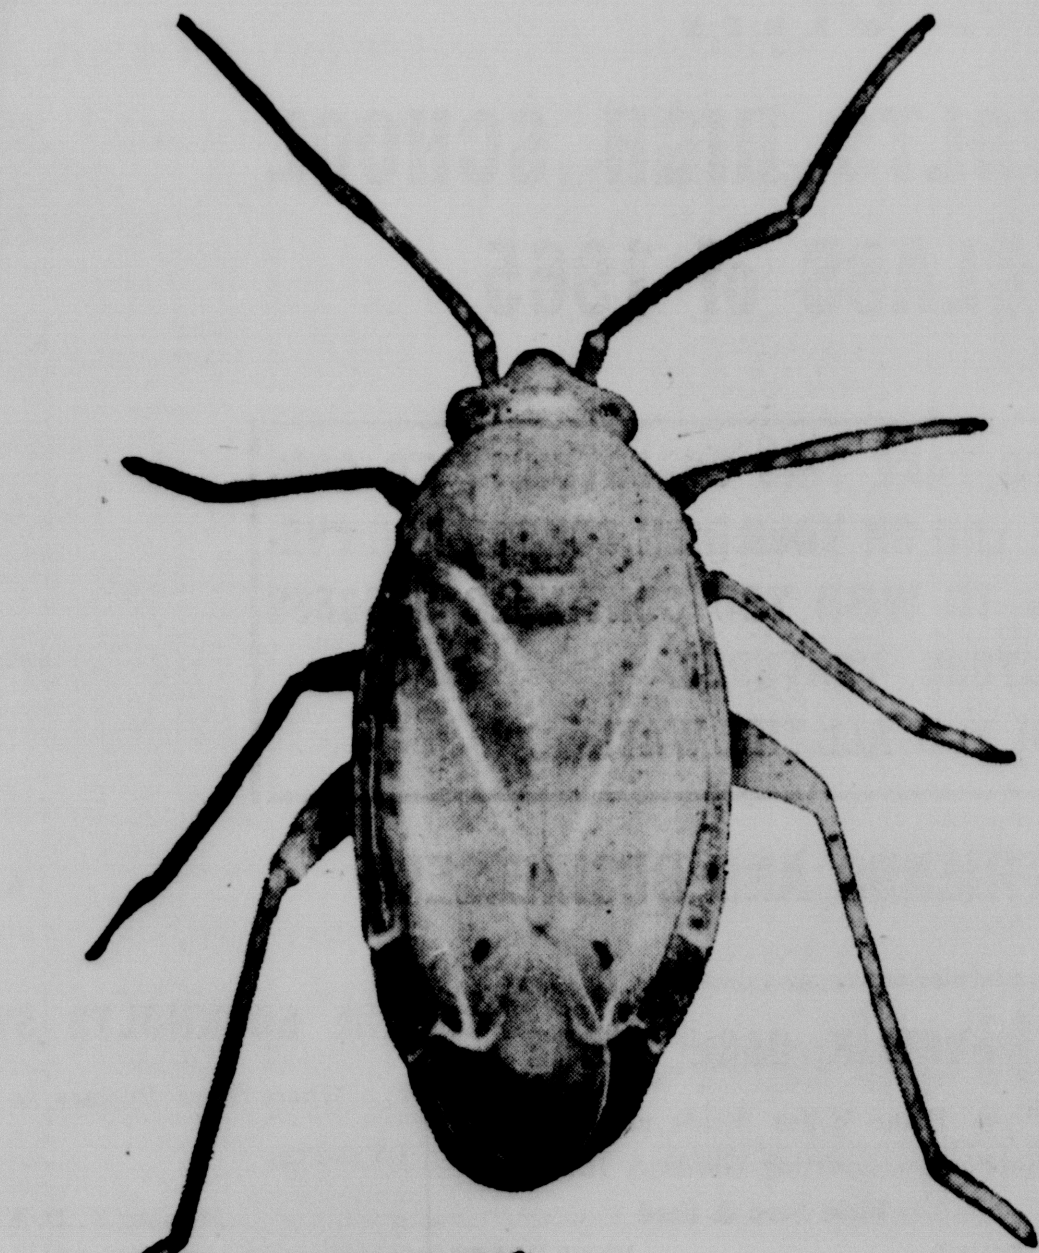

1-b 4-b 7-a 10-b
2-b 5-a 8-b
3-b 6-b 9-b

Maximum score 50.

If you have genuinely scored 40-50 points, you are as good as a tonic where sick people are concerned.

25-35 points means that you are well-meaning, but either only to a certain extent or else do not quite appreciate the problems of ill people.

20 points and under—Please DO stay away from hospitals and sick rooms—unless you have a murder in heart!

SEVIN controls fleahoppers
CARBARYL INSECTICIDE
with less harm to beneficial insects

Keep fleahoppers out of your cotton fields with powerful, long-lasting SEVIN carbaryl insecticide. Knock them out before they can damage squares on your young, growing cotton and ruin the boll set and yield. Texas experiment station tests indicate that SEVIN is less harmful

to populations of beneficial insects than many other residual and systemic insecticides. SEVIN also controls thrips and overwintered boll weevils. Start with SEVIN in fleahopper season and keep using it to control bollworms and other insects, too. SEVIN pays many ways.

When fleahoppers attack your cotton—
SOCK 'EM with SEVIN!

CARD OF THANKS

We wish to express our most sincere thanks and appreciation to all who sent food, flowers, cards of sympathy, mass offerings and helped in any way during the illness and death of our beloved husband, father and grandfather. Very special thanks to Rev. John Geiser, Rev. Paul McCallum, Rev. Edward Dokupil, Drs. Nightzoo, Elkins and Carreno, the nurses and personnel of Newton Memorial Hospital and Clinic. And very, very special thanks to Mr. and Mrs. Charlie Friemel, Dr. and Mrs. R. M. Tittsworth, Mr. and Mrs. Lloyd Seaton and Lloyd and to Charlie King. God bless you all. Frances Michna
Philip S. Ermis and family

CARD OF THANKS

Our deepest appreciation for your kindness and thoughtfulness during the illness and death of our beloved mother. We are especially grateful to Dr. Young, Richards Hospital Staff, Phillips & Lucky, and all the wonderful people who so generously prepared the delicious foods and graciously contributed the beautiful flowers.

The Kirk Family

CARD OF THANKS

I wish to extend my heartfelt thanks and appreciation of kindness, messages of sympathy, for the food, the beautiful floral offerings, the mass offerings, received from all the kind friends during my recent bereavement in the loss of my husband. I especially thank Father Geiser and the Marek - Burns Funeral Home, The Methodist Church and the school board, faculty and Ben Milam children.
